### **Citi appoints Debopama Sen as Head of Treasury and Trade Solutions for Singapore and ASEAN**

Citi has appointed Debopama Sen as Singapore and ASEAN Head for its Treasury and Trade Solutions (TTS) business, pending regulatory approval. In this role, she will oversee the Singapore TTS business, which provides integrated cash management and trade finance services to multinational corporations, financial institutions and public sector organizations, and be responsible for the leadership of the business in the ASEAN cluster of markets.

She will report to Rajesh Mehta, Asia Pacific Head for TTS, and Amol Gupte, ASEAN Head and CEO of Citi Singapore. The TTS Heads in Indonesia, Malaysia, the Philippines, Thailand and Vietnam, will report to her. She will be based in Singapore.

Debopama was most recently the India Cluster Head for TTS, with oversight of the business in India, Bangladesh and Sri Lanka. Prior to that role, she was the Business Head of Securities and Fund Services for five years. She joined Citi 22 years ago as a Management Associate in India, and has worked across key roles in Trade Finance, Cash Management and Securities Services.

She has been closely associated with market development initiatives in the payments and securities space in India, serving on the Board of National Payments Corporation of India, which acts as a hub for all electronic payment systems in the country, SWIFT India and Grameen Foundation of India.

Commenting on the appointment, Rajesh Mehta said, “Debopama has brought TTS to new heights in the India cluster, growing the business into one of the largest for TTS outside of the major global hub locations. She has also played an instrumental role in pioneering new initiatives, including the first-ever digital solution for cross-border trade payments in India. Her robust experience across TTS and our Institutional Client Group businesses will be invaluable as we continue to closely partner our global and multinational clients on their growth journey in the region and help them leverage on the strong pan-ASEAN and Asia-to-Asia trade flows.”

Amol Gupte added, “ASEAN is an important part of the region for Citi, and Singapore is not only one of our fastest-growing markets, but also a key strategic regional hub for many of our global and Asian multinational clients. Debopama’s strong track record in building businesses and teams will be an asset as we continue to grow the TTS business in ASEAN and Singapore.”

Debopama holds a Master's Degree in Management from Jamnalal Bajaj Institute of Management Studies (JBIMS), University of Mumbai and a Bachelor's Degree from St. Stephen's College, University of Delhi.
