## CREDIT CARD CHARGES

### Transactions in Foreign Currencies and Transactions Processed Outside Singapore

- a. Foreign currency transactions
  - (i) Card transactions (including online and overseas transactions) effected in US dollars will be converted into Singapore dollars. Card transactions effected in foreign currencies other than US dollars will be converted to US dollars before being converted into Singapore dollars, except for Australian dollars on Visa cards which will be converted into Singapore dollars directly. The conversion will take place on the date on which the transaction is received and recorded by us ("posting date"). The currency conversion will be based on our prevailing foreign exchange rate or an exchange rate determined by VISA or MasterCard International depending on whether the conversion is done by us, VISA or MasterCard International.
  - (ii) In addition, the card transaction will be subject to the following administrative fees on the converted Singapore dollar amount:
    - (A) an administrative fee of up to 3.25% if processed by Visa or MasterCard International
- b. Dynamic Currency Conversion
  - (i) If your card transaction (including online and overseas transactions) is converted into Singapore dollars via dynamic currency conversion (a service offered at certain ATMs and merchants which allows a cardmember to convert a transaction denominated in a foreign currency to Singapore Dollars at the point of withdrawal/sale), you acknowledge that the process of conversion and the exchange rates applied will be determined by the relevant ATM operator, merchant or dynamic currency conversion service provider, as the case may be. You acknowledge that we do not determine whether a card transaction will be converted into Singapore dollars via dynamic currency conversion and, where your card transaction is for a retail purchase, you may have to check with the relevant merchant whether such conversion was done.
  - (ii) In addition, the card transaction will be subject to an administrative fee of 1% levied by VISA/MasterCard International on the converted Singapore dollar amount if it is a VISA/MasterCard International transaction;
- c. Singapore Dollars transactions processed outside Singapore

If the Singapore Dollars card transaction (including online transactions) is effected:

  - (i) with a local merchant whose payments are processed through an overseas intermediary; or
  - (ii) with a merchant who is registered as an overseas merchant regardless of its actual location, such card transaction will be subject to an administrative fee of 1% on the transaction amount if the card transaction is processed by VISA/MasterCard International.
