Last Modified: 25th October 2019

These terms and conditions (Terms and Conditions) are an agreement between you and Citibank Singapore Limited (we, or us) that governs your access to and use of through Apple Pay of your eligible Citibank consumer Credit and/or Debit Cards, including the Citibank Ready Credit Card, linked to accounts domiciled in Singapore (Card, or Cards). The term, Apple Pay, shall include the Apple Pay branded payment functionality, the Card provisioning functionality, and transaction history displayed by the Wallet application, the Apple Watch application, Apple Pay on the Web, the Apple Watch, and on any other Eligible Device (as defined below). We will determine, in our sole discretion, which Cards will be eligible for use through Apple Pay. Please review these Terms and Conditions before you decide whether to accept them and continue with the addition of your Cards to Apple Pay. By adding or using a Card in Apple Pay you agree to use your Card through Apple Pay in accordance with these Terms and Conditions. If you do not agree to these Terms and Conditions, then you must not add your Card to, or use your Card in connection with, Apple Pay. Use of Apple Pay is at your discretion. You are not obliged to use Apple Pay in connection with any of your Cards.

Your use of Apple Pay to purchase goods and services with your Card is governed by the applicable terms and conditions between you and us in connection with each account to which the Card is linked (Account). We may allow you to provision a Card on Apple Pay before you have activated it. If you proceed to provision and use such a Card on Apple Pay, you will be deemed to have accepted the applicable Account terms and conditions (if you have not already done so). The applicable Account terms and conditions are incorporated by reference as part of these Terms and Conditions. You also acknowledge that your use of Apple Pay is subject to the terms and conditions set forth by Apple Inc. and/or its affiliates (Apple) or another third party supporting Apple Pay with respect to the use of Apple Pay.

ELIGIBILITY / ENROLLMENT

Apple Pay is available to cardholders for the purposes of purchasing goods and services or for other permitted transactions with a compatible Apple device as determined by Apple (Eligible Device) at merchants that accept Apple Pay as a form of payment through near field communication (NFC) enabled payment terminals, for in-app purchases and authorized merchant websites when using a compatible-Safari-browser or compatible MacBook Pro. Apple Pay allows you to use your Eligible Device to access and use your Cards to make such purchases in place of presenting or using your physical Card. To add your Card to Apple Pay, you must register your Card with Apple Pay by linking (provisioning) your Card to an Eligible Device. You may be required to take additional steps to authenticate yourself before your Card is added to Apple Pay, including by providing additional identifying information. When provisioning your Card through Apple Pay to an Eligible Device that contains a secure element, a unique numerical identifier different from your Card number (Token) will be added to such secure element, for the purpose of making purchases and receiving refunds through Apple Pay. Effective 15th March 2019, if your physical Card is renewed or replaced close to expiration date or where you have reported it as damaged, your Token in Apple Pay will be automatically updated with the new Card information. Accordingly, you agree that your Token (which has been updated with the new Card information) can

continue to be used to make transactions through Apple Pay even without activating your renewed/replaced physical card and you will be fully liable for these transactions. This updating will not apply when your physical Card is replaced due to a reported loss, theft or unauthorised use. Due to the manner in which Apple Pay operates, you may need to present your Eligible Device at a merchant when you return an item purchased using Apple Pay on such Eligible Device. We have the discretion to approve or reject the addition of any Card to Apple Pay and need not give you any reason for our approval or rejection.

YOUR USE OF CITI CARDS THROUGH APPLE PAY

Purchases you make with Apple Pay using your Cards are governed by the Account terms and conditions. Please review the Account terms and conditions for important information on your rights and responsibilities when making purchases or performing transactions. You must keep your Eligible Device safe (including ensuring that the device is not modified contrary to the software or hardware guidelines of the manufacturer) and ensure that where your passcode or personal identification number is required to allow you to use your Eligible Device to access and use your Cards to make purchases for Apple Pay, your passcode or personal identification number is not disclosed to any one and you must take all steps and prevent any fraud, loss or theft in respect of your Eligible Device or any Card in connection with the use of Apple Pay. If you enroll/opt for biometric verification/authentication such as finger print identity (Touch ID), Face ID, personal identification number or passcode on Apple Pay, the collection, storage, enrollment and access to Apple Pay using your biometric information, personal identification number or passcode will be made using the technology on your Eligible Device. Accordingly, when you log into Apple Pay and choose to be verified using the technology on your Eligible Device, your finger print or any other biometric information, personal identification number or passcode will be matched and verified against your Eligible Device's technology. Accordingly, you acknowledge that we have no control over the technology on your Eligible Device, the availability, capability, verification method, security and integrity of your Eligible Device and cannot be held responsible for transactions effected using Apple Pay and authorised using any biometric information or personal identification number or passcode. You should therefore assess if your Eligible Device's manner of verification/authentication and risks associated with such use is acceptable to you.

Where you have enrolled/opted for biometric verification/authentication as detailed above, you are responsible to ensure that only your biometric data is stored in your Eligible Device. **Accordingly, you must not save a third party's biometrics such as finger print or any other biometric information on your Eligible Device.** You agree not to activate the biometric verification/authentication function and to immediately de-activate such biometric verification/authentication function in the event a third party's biometrics is saved on your Eligible Device, whether now or in the future. In the event a third party's biometric data is saved on your Eligible Device and you continue to use your Eligible Device to access and use your Cards in connection with the use of Apple Pay using the biometric/verification authentication method above despite the caution above, you understand that such third party, using his or her biometric data, will be able to use your Eligible Device to access and use your Cards to make purchases or perform transactions with Apple Pay. You agree that any such purchases or transactions with Apple Pay using your Cards by such third party will be considered as authorised by you and you shall be responsible and liable for these purchases. Use of Apple Pay is at your discretion. You are not

obliged to use Apple Pay in connection with any of your Cards. Accordingly, you agree that the access and use of your Cards on Apple Pay will be considered as authorized by you and you shall be responsible and liable for the same. If your Eligible Device is lost or stolen, any biometric information or personal identification number or other passcode is compromised or used or Card has been used through Apple Pay without your permission, you must notify us immediately and if we so require, furnish to us a statutory declaration in such form as we specify and/or a police report and/or any other information we may reasonably require. You are liable for all unauthorised use of your Card in connection with Apple Pay. Notwithstanding the foregoing, your liability for all unauthorised transactions on your Card in connection with Apple Pay which are effected prior to you notifying us shall be limited to S\$100 provided (i) you have fully complied with the safety precautions and you notified us without delay, (ii) you assist in the investigations and recovery, and (iii) we are satisfied that such unauthorised transactions are not due to your wilful misconduct and/or negligence and that you have not acted fraudulently.

You agree and acknowledge that the transaction history displayed in Apple Pay in connection with use of your Card in Apple Pay solely represents our authorisation of your Apple Pay transaction using that particular Eligible Device and does not reflect any post-authorisation activity, including but not limited to clearing, settlement, foreign currency exchange, reversals, returns or chargebacks. Accordingly, the purchase amount, currency, and other details for your Apple Pay transaction history in connection with use of your Card in Apple Pay may not match the transaction amount that is ultimately cleared, settled, and posted to your Card statement of account. You will remain liable to us for the amounts set out on your statements.

We currently do not impose a fee for using your Card through Apple Pay but we reserve the right to impose a fee in the future. **Please note that Apple or another third party supporting Apple Pay may charge a fee for using your Cards in Apple Pay.** Your telecommunications carrier or provider may impose web-enablement, data usage or text messaging fees or other charges for your use of Apple Pay.

As a condition to using your Card in connection with Apple Pay, you acknowledge and consent to us sending notifications to the Eligible Device which may or may not be the same device as your mobile phone number on record with us. If at any time you revoke this consent, we may suspend or cancel your ability to use your Cards in connection with Apple Pay.

Devices modified contrary to the software or hardware guidelines of a manufacturer, including by disabling hardware or software controls, sometimes referred to as jailbreaking are not Eligible Devices. You acknowledge that the use of a modified device to use your Card in connection with Apple Pay is expressly prohibited, constitutes a violation of these Terms and Conditions, and is grounds for us to deny your access to your Cards through Apple Pay.

We have the right to suspend or cancel your ability to use your Cards in connection with Apple Pay at any time and need not give you any prior notice or reason for doing so.

We have the right to impose a limit on the transaction amount charged to your Card through Apple Pay. The limit will be such amount as determined by us and notified to you.
